THE AQUILA

1982

"The sew and sews."

"Is that beard real?"

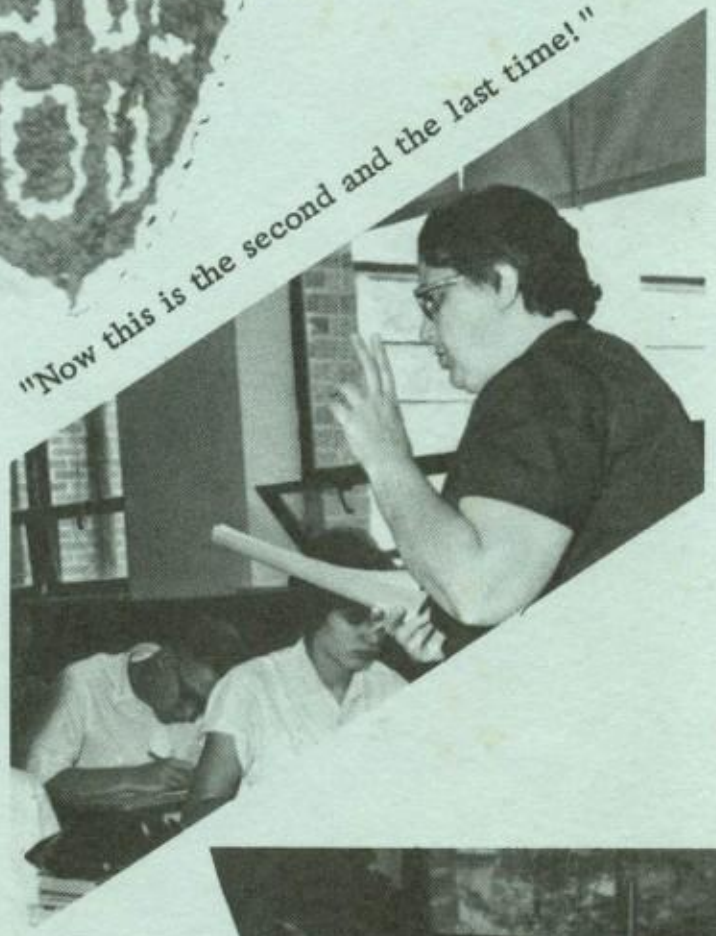
"The future is present--
now the present is past."

"Now, this is China."

"I'm gonna sneeze!"

"Por Dios!"

"Away in the manger"



"Now this is the second and the last time!"

"What's next?"

"Look what I found."

"Pow!"

"I don't believe it."

"Santa with the twinkle in his eye."

"Smile, you're on Candid Camera."

"Don't fench me in!"

"We're bored!"

"I'm not bashful."

"Dearly beloved, we have gathered . . ."

Attica

High presents the 1962 AQUILA. The letters AHS have come to symbolize education, youth, citizenship and sportsmanship to the students and to the townspeople. Although AHS stands for Attica High School, the initials also represent many facets of school life, as you will see as you turn the pages of your yearbook.

High

standards should be our guide posts throughout life. Many of these principles have already been molded with the aid of understanding parents and teachers. Through such school activities and organizations as Student Council, National Honor Society, Newspaper staff, varsity sports, and band, we have been able to see the benefits of high school standards; and we are inspired to follow these good examples to become better citizens.

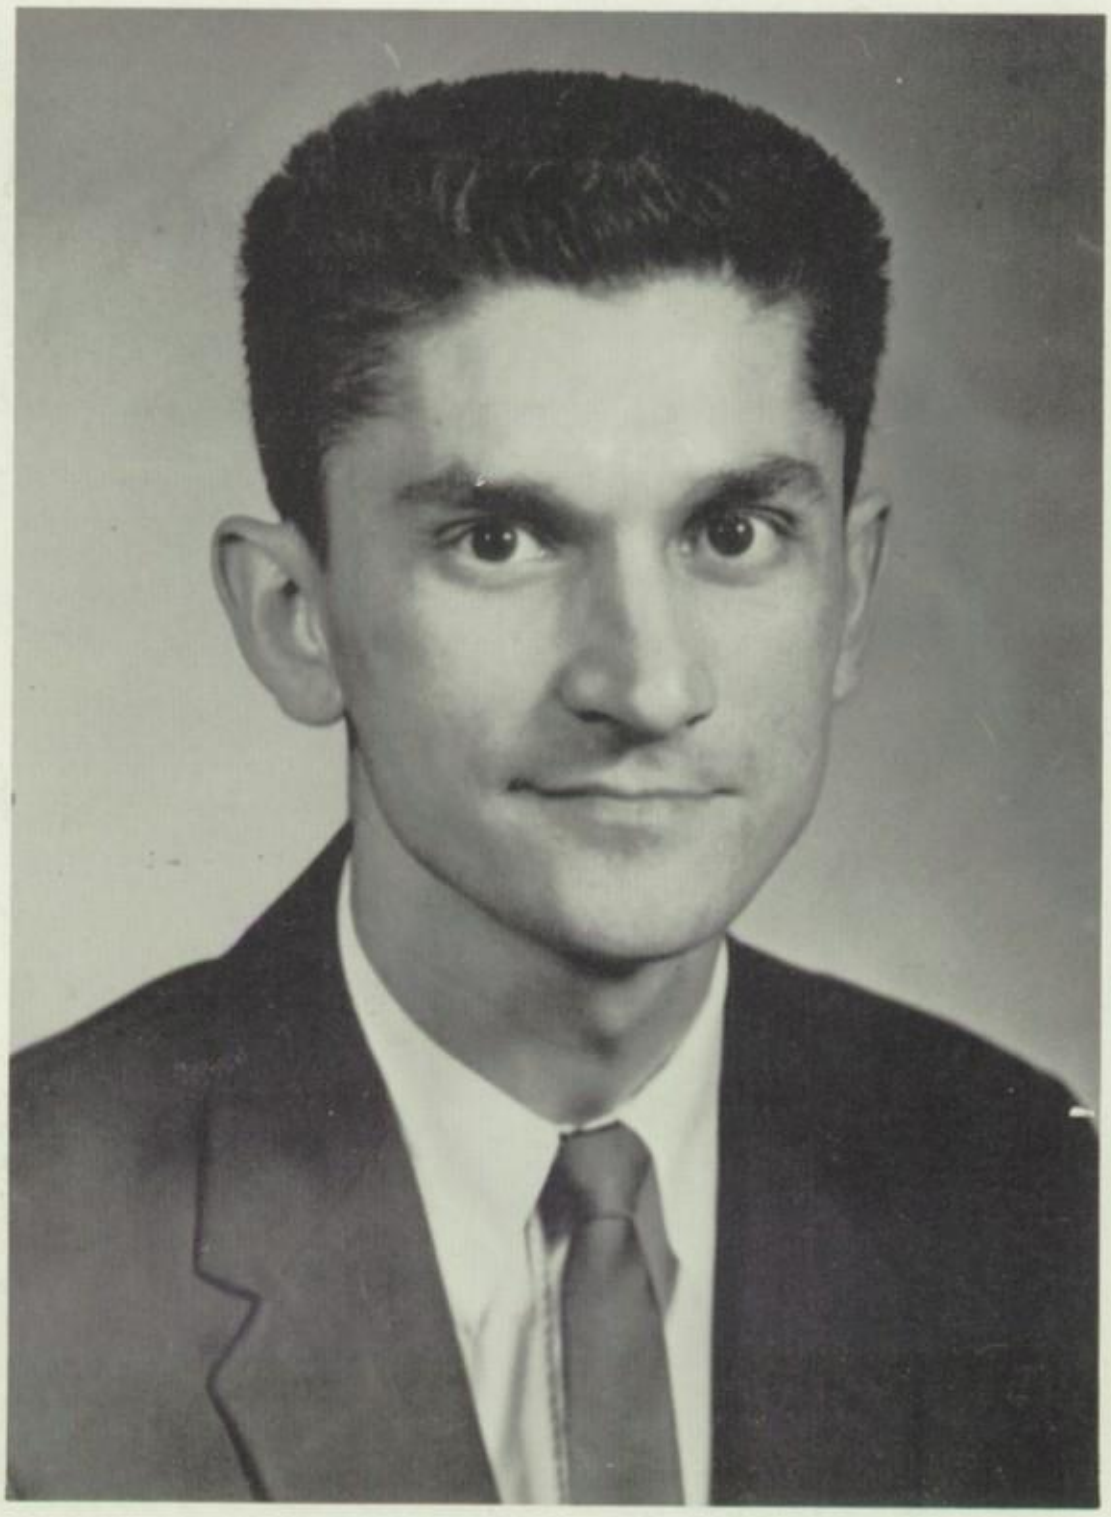
School

life is to most of us a busy whirl of studies and activities. For the seniors, school has occupied much of our time for twelve years, and many of us are planning to further our education. To the juniors, high school has been a challenge--harder studies than last year, greater responsibility in activities, and preparation for leadership in the senior year. The freshmen--newcomers to high school--entered eager to gain recognition in the eyes of their upper classmen; and they have succeeded.

In the AQUILA we have also given recognition to the junior high and elementary classes. The students in these classes are being prepared to become the future upperclassmen.

In this yearbook we have tired to capture the highlights of school life and present AHS to you.

DEDICATION



We, the Class of 1962, dedicate this edition of the "Aquila" to Mr. Raymond Gaietto, who has done much toward the advancement of the good citizenship of his students.

He has gained our lasting respect for the just way he treats his students. He is always willing to give personal assistance to anyone who shows an academic interest.

His intensive criticisms of our class awakened a keener desire in most of us to be better students. The scholastic record of our class has greatly improved under his guidance.

Through him, history and government have been transformed from dull useless courses into a means of understanding our world today. He has instilled in us the importance of daily current events in our fast moving world. We realize we will be the voters of tomorrow.

Through our three years' association with Mr. Gaietto, we have learned to know him not only as an excellent teacher but also as a faithful friend.

Seniors

We, the graduating class of AHS, after having been prepared for life by our experience and learning here, will go in many directions, each one of us hoping to find success and happiness as we travel through life. However, we will be bound together by fact that we spent our school years at AHS and graduated with the class of 1962.

The experiences we have shared, the people with whom we have worked, and the accomplishments we ourselves have brought about, all helped us to gain maturity.

Attica

Has

Sports

Sports is an important part in the life of AHS students. The drive and sportsmanship of our players is an inspiration to all of us. We have learned to accept defeat gracefully and victory with humility. The challenges we face in inter-scholastic sports help to prepare us for challenges we will have to meet later in life.

Attica

Has

Songmakers

AHS offers many musical opportunities to all of its students. Those who take advantage of the music facilities in our school may do so by participating in band, chorus, solos, and ensembles on the local, county, district, and state levels. Through our music activities we grow to know each other better as we learn to understand and appreciate good music. The love we have for music is something we can have with us always, both now and in the future.

Attica

Has

Students

As each senior graduates, twelve years of knowledge and learning go with him, but for the first graders it's only the beginning of a school career. The students at Attica have years ahead in which they will not only learn from books but will have gained the social knowledge of living with others and will graduate from Attica as a well-rounded adult.

Attica

Has

Sponsors

Pictured above are Mr. Royce Baker, the mayor of the village of Attica, Miss Helen Stockmaster, the business manager of the "Aquila," and Mr. Arthur Kalb, the president of Attica's Businessmen's Association.

Mr. Baker and Mr. Kalb represent the local merchants and businessmen. Without their support AHS could not present to you the annual "Aquila."

We are also very grateful for Helen Stockmaster who has been very unselfish in giving much of her time for the business and the editing of the "Aquila."

A big "thank you" to all who helped us.
